#	Date	Product or service	Description	Qty	Rate	Amount
1.		<b>Leak Detection</b>	An electronic leak detection was performed on the pool. All plumbing held pressure. The right buddy bench valve leaks when in the open position. We recommend have all return line valves rebuilt or replaced. A leak was also detected in the tracking to the stairs on the left side of the pool. Epoxy was added to stop water loss.	1	\$550.00	\$550.00
